WHY CHOOSE EIS:

Exceptional Safety Record

We hold exceptional EMRs and records with trusted third-party risk management firms, a standard that we continually focus on for the overall safety of our teams.

End-to-End Project Management

From initial assessment to full-scale remediation, we deliver turnkey solutions tailored to your schedule, budget, and operational needs.

Reliable and Sizable Manpower

With over 1,000 team members nationwide, we have the unique ability to staff multi-phased, complex projects without delay.

Focus on Regulatory Compliance

We navigate evolving environmental and safety mandates seamlessly, guaranteeing your project meets all federal, state, and local requirements—eliminating costly violations or delays.

Proven Expertise

Backed by decades of hands-on experience, our team has successfully executed numerous environmental projects for commercial, industrial, private, and governmental clients nationwide.

Outstanding Customer Service

Our team provides next-level customer service every day. We focus on safety, clear communication, and a proactive work environment to keep your project on time and on budget.
